

MOUTHGUARDS

**** SPECIAL OFFER **** **FOR ST JOHNS EAGLES**

Safety is the responsibility of adults!!!

Children only want to play the game!!!

Up to 90% of dental injuries are preventable.

As you are aware players are covered by limited insurance as part of registration for the season. However, due to recent insurance changes, dental injuries may not be covered unless you are wearing a professionally fitted mouthguard.

For this reason, **Trostel Dental** and **St Johns Eagles** have combined to give all players an outstanding opportunity to obtain a pressure formed mouthguard made using the most advanced materials and techniques.

*For pricing or any questions, please contact
